

CAMPS POLICY

BASIC BELIEFS

Camps are seen as an integral part of the school curriculum as they enable students to explore, extend and enrich their learning and their social skills development, in a non-school setting. Camps may have a cultural, environmental or outdoor emphasis and are an important aspect of the educational programs offered at our school. A camp is defined as any activity that involves at least one night's accommodation.

AIMS

- To provide students with the opportunity to participate in a camping program that is linked to social, cultural and educational outcomes for students.
- To provide shared class and year level experiences, team building and a sense of group cohesiveness.
- To reinforce and extend classroom learning.
- To provide a program that delivers skills and knowledge that may lead to a lifelong involvement in worthwhile leisure pursuits.
- To provide a program that promotes our school values of respect, communication, trust and teamwork.
- To further develop their problem solving and life survival skills
- To extend understanding of their physical and cultural environment

GUIDELINES FOR ACTION

- All camps must be approved by the Principal and School Council.
- The principal or their nominee will ensure that full records are submitted to council regarding the camp well in advance of the starting date of the event and that no camp occurs unless all the formal record keeping has been completed and approved.
- Staff wishing to organize a camp must complete a camp proposal form and lodge this with the Assistant Principal for reference to the Principal for approval. All camps must be approved prior to running. This decision will be made by the Principal or Assistant Principal. The Principal in consultation with appropriate staff will consider the educational outcomes of the camp as well as the impact on the school program for the proposed dates.
- The Principal and Assistant Principal in consultation with organizing teachers will ensure that all camps, transport arrangements, emergency procedures and student/staff ratios comply with DET guidelines.
- The School office/Teacher in charge of the camp will complete the "Notification of School Activity" online at <http://www.education.vic.gov.au/school/principals/health/Pages/outdoorforms.aspx> 4 weeks prior to the camp departure date, and pass on to the Assistant Principal to ensure relevant details are recorded in the Daily Organisational Diary and are entered on the daily absence/planning sheets.
- All approved camps will then be presented to School Council for their approval.
- All interstate camps require Regional approval to travel interstate.

Access to Camp.

- All efforts will be made not to exclude students simply for financial reasons. Parents experiencing financial difficulty, who wish for their children to attend a camp, are invited to discuss alternative arrangements with the Principal. Decisions relating to alternative payment arrangements will be made by the Principal in consultation with the appropriate staff, on an individual basis.

- All aspects of the camp will be outlined to parents in writing, including cost, sleeping arrangements, itinerary, activities, clothing and equipment lists, contact phone numbers, transport arrangements, student management processes, permission and medical forms and clearly stated payment finalization dates.
- All families will be given sufficient time to make payments for camps. All parental consent and medical forms must be completed, signed and returned and all money must be paid prior to leaving. Copies of completed permission notes and medical information must be accessible at the camp location by staff at all times.
- Only students that have displayed sensible, reliable behaviour at school will be permitted to participate in school camps. Parents will be notified if their child is in danger of losing the privilege to participate in a camp due to poor behaviour at school. The decision to exclude a student will be made by the Principal, Assistant Principal and the school Primary Welfare Officer, in consultation with the organizing teacher. Both the parent and the student will be informed of this decision prior to the camp. All students participating in a school camp will be asked to sign a contract agreeing to abide by all camp rules.
- Parents will be requested to collect their child from camp if their child exhibits behaviour that is considered unacceptable or a danger to others. The Teacher in Charge, in consultation with the Principal or Assistant Principal, will make this decision. Costs incurred will be the responsibility of the parent.

Organisation

- All food, equipment, staffing, organization of activities and student management procedures must be addressed prior to the camp. Consideration needs to be given to students with special dietary and medical requirements. Parents should notify the staff in writing regarding special dietary and medical requirements when returning consent forms.
- Office staff will be responsible for managing and monitoring the payments made by parents and will provide organizing teachers with detailed records on a regular basis.
- The Teacher in Charge must provide the General Office with a final student list.
- In the case where a camp involves a particular class or year level group, the organizing teacher will ensure that there is an alternative program available for those students not attending the camp.
- The school will provide a first aid kit for each camp. The teacher in charge is responsible for collecting the first aid kit prior to leaving.
- For high risk Outdoor Education activities the staff member organizing must have suitable training and current qualifications. All staff members must be aware of the increased duty of care.
- The teacher in charge will ensure that student medical forms are available at the site and all camp staff are aware of special medical issues or medication requirements of any student.
- The school's First Aid officer and/or a qualified paramedic will be designated to take responsibility for administering student medication if required. (Following consultation with parents and/or appropriate medical practitioners).

Site Safety

- All safety requirements must be considered and adequately resolved prior to the camp. Telephone numbers of all emergency services must be provided to the school, and be taken on camp. If any swimming activities are to occur, there must be sufficient staff attending with appropriate swimming qualifications to enable safe supervision.

Refer: Safety Guidelines

<http://www.education.vic.gov.au/searchcentre/Pages/results.aspx?k=safety%20gui>

delines

- A designated “Teacher in Charge” will coordinate each camp. All camps will have an experienced teacher in attendance where possible.
- The Teacher in Charge will ensure all students and adults attending the camp are aware of evacuation and emergency procedures.
- The teacher in charge will communicate the anticipated return time with the school office in the case where camps are returning out of school hours. Parents will be informed prior to students leaving for the camp, that they can phone the office to receive an updated anticipated return time.

Appendix B

Guidelines for teachers planning a camp

1. Introduction

Camps need to be planned well in advance and should relate to the curriculum being taught.

Students and their parents should be provided with information about the program's educational objectives, the nature of the activities, clothing requirements, the venue and costs well in advance.

School Council is responsible for the approval of:

- over night excursions
- camps
- interstate and overseas visits
- excursions requiring sea or air travel
- excursions involving weekends or vacations
- adventure activities

Before approving a particular camp, consideration by the principal and/or School Council needs to include:

- the contribution of the camp to the School curriculum
- the adequacy of planning, preparation and organisation
- the provisions of the safety and welfare of students and staff
- the experience and competence of staff relative to the activities being undertaken
- the adequacy of student supervision
- the cost

A parent must provide written consent for their child to take part in the camp. Parents asked to sign consent forms must be given sufficient information about the nature of the proposed activity, the risks involved and the degree of supervision.

Parental consent is required for the following reasons:

- to authorise the school to have the student in its care after normal school hours
- to authorise the school to take the student out of the school environment
- to alert the school to any medical condition or allergies of the student
- to authorise the school to consent to emergency treatment for the student
- for the parent to consent to any financial cost of the excursion
- for the parent to consent to the student being sent home in the event of any serious misbehaviour

Consent forms are to be taken on the camp by the teacher in charge. The designated school contact person (Principal Class) should hold a copy of the list of participants,

a copy of the consent forms and contacts in case of emergency.

In addition to any teachers employed by the DET or the School Council, camp staff may include other adults on a volunteer or paid worker basis, such as parents, school services officers, community members, campsite staff and trainee teachers.

Only students who display sensible and reliable behaviour at school will be taken on camps outside the school.

Sensible and reliable behaviour will be expected at all times. ***Students can be sent home if their behaviour warrants a severe consequence.***

2. Planning

Forward planning takes into consideration whole school demands and must ensure that the normal school program is not consistently disrupted.

Planning should include:

- a clear aim
- costing – transport, admission, etc (the costing must be realistic in terms of the nature of the experience and the resultant learning outcomes)
- the opportunity for payment in advance, by instalments or lump sum payment may be offered to parents
- staffing needs
- pre-visit if venue is new/unknown
- consideration of children whose parents may not be able to meet costs
- excursion book maintained for evaluation of the camp/excursion for future planning
- arrangements for covering camp staff classes while they are away from school

3. Preparation

Preparation for any activity should include:

- quotes for transport
- booking of transport
- confirmation time for departure and return
- informing specialist teachers, parent helpers, team leaders
- informing parents attending activity on discipline procedures
- preliminary classroom activities
- collection of monies
- arrangement for school cheque
- medical information, precautions and First Aid kit

Appendix C: Approval Proforma for all Excursions and Activities Requiring School Council Approval

Department of Education and Training

This proforma details minimum requirements for council approval. It must be submitted to the principal for school council approval prior to the excursion.

All information on this proforma is required. Add attachments if necessary.

School councils are responsible for approving:

- overnight excursions
- camps
- interstate/overseas visits
- excursions requiring sea or air travel
- excursions involving weekends or vacations
- adventure activities.

Complete the Student Activity Locator online form three weeks prior to the excursion. Sections with an * have explanatory notes included at the end of this document.

Ensure you have the most current version of this template

EXPLANATORY NOTES

Dates

Consider how the time of year may impact on the wider school program or the effect of seasonal weather conditions.

Educational purpose and program outline

Whatever you hope the students will learn from the program is its educational purpose. The program overview should give school council a basic understanding of how the program aims to achieve the educational purpose.

For example: *A three-day residential camp including bushwalking and orienteering to encourage an understanding of the natural environment; develop team working ability; and, introduce map reading and navigational skills in an experiential way.*

The supervision strategy should include the nature and level of supervision provided throughout the excursion or activity. You must consider all programmed and non-programmed periods.

Each different location in must be detailed, including the dates at each location. This will have an impact on transport requirements and the emergency response needs of the program.

Contact land managers to determine if permit or access requirements apply for activities that are conducted on public land or in state/national parks.

Joint excursions with other schools must be approved by each school council. Each school must submit an online notification to the Emergency Management and Security Branch.

Overnight accommodation

This includes all forms of overnight accommodation.

Residential camping is at sites with permanent facilities like dormitories, kitchen, showers, toilets, phones and recreation options.

Residential campsites operated or used by Victorian government schools must be accredited with a Department of Education and Early Childhood Development recognised accreditation provider. Refer to the School Policy and Advisory Guide, [Venue Selection](#) for current accreditation providers.

When using venues that do not require accreditation such as caravan parks, motels/hotels or ski lodges, schools may wish to refer to the accreditation criteria of a recognised accreditation provider when developing their risk management plan.

Provide details of all accommodation being used with your submission to school council.

Transport

Internal transport is provided by school-owned or private, staff-owned vehicles. External transport is transport provided by contractors, parents or other external providers.

The parent consent form should include a statement advising parents if a private vehicle is used as part of the emergency management plan for a camp or excursion.

If a teacher or staff member will be driving students, the program should allow them adequate rest time prior to driving, consistent with the advice on the transport page of the Safety Guidelines.

Give careful consideration to securing equipment during transportation, including equipment on trailers, roof racks and inside vehicles.

Supervising staff

A Working with Children Check is required for staff members who will supervise students and who are not registered teachers. This includes parent volunteers whose child is participating in the activity/excursion.

Appendix D

Notification of School Activity (camps)

School councils are responsible for ensuring that the activities listed below are thoroughly planned, checked and documented in accordance with Department of Education & Training guidelines for the planning and conduct of camps, excursions and outdoor adventure activities.

If comprehensive information is required during an emergency, schools will be expected to provide it at any time of the day or week from the documentation prepared for the activity which is held by the school.

Relevant details about School Council approved camps and excursions must be entered into the DET database using the online notification form available at:

<http://www.education.vic.gov.au/school/principals/health/Pages/outdoorforms.aspx>

This notification should be provided three months prior to commencing the activity.

- overnight, weekend, interstate, overseas activities
- adventure activities
- non-adventure activities which, by their nature, location or timing, may be hazardous
- School closures, pupil free days, combined sports or cluster days

Notes:

1. An additional sheet listing the actual dates and locations of activities should accompany this form when the same activity is to be repeated on different occasions.
2. The coordinating school should complete the form for activities involving a group of schools.
3. Day excursions should be reported if activities are to be conducted by:
 - country schools - beyond the local town/city
 - rural schools - beyond the local area
 - metropolitan schools - beyond the greater metropolitan area

Section 2 General Excursion Risk Assessment
